

December 4, 2024**Addendum No. 03****File Reference Number: RFP 2024 062****Title: Engineering and Design Study for Exhaust Fan Upgrades and Replacement****RE: Clarifications/Questions**

Please refer to the following information/clarification:

Item 1: For Item 10 in Addendum No. 02, ONTC replied “Please allow for a \$20,000 cash allowance for air balance testing at the three (3) buildings”. Does this mean that the Total bid from the bidder on the Study (phase 1) is to reflect this amount in the bid or, would it be cash allowance that would be added by ONTC when signing the contract to the successful bidder and does not need to be included in the bidders price at this time?

Answer: The \$20,000.00 cash allowance for air balance testing shall be included in the Respondents proposal and included in the total price on Proposal Form 1. Please include an itemized cost breakdown with Proposal 1, which shows this cash allowance as a single line item.

Item 2: Would ONTC be willing to extend the submission deadline for RFP 2024 062?

Answer: ONTC will agree to extend the submission deadline / closing date. The new submission deadline / closing date for RFP 2024 062 is now Wednesday, December 11, 2024 at 2:00:00 p.m. EST.

This Addendum hereby forms part of the RFP.
