

January 03, 2025**Addendum No. 01****File Reference Number: RFP 2024 048****Title: Weed Spraying****RE: Clarifications/Questions**

Please refer to the following information/clarification:

Item 1: Will ONTC provide free transportation to and from the site of work or will ONTC allow the contractor's equipment to be installed on the ONTC transportation equipment with an ONTC operator?

Answer: ONTC does not provide transportation to contractors. The Successful Respondent will be required to have a track unit capable of spraying the herbicide on the right of way. ONTC has a flag person, travelling in a track unit who will be available to escort the Successful Respondent while they perform their task.

Item 2: What is the estimated track time usage per day/week?

Answer: ONTC typically works eight (8) hours a day. However, longer operating hours can be discussed with the Successful Respondent.

Item 3: Will the Service Provider be responsible for covering ONTC's expense if a cancellation occurs on short notice due to changing weather conditions?

Answer: ONTC has never charged any fees to contractors for weather delays. ONTC prioritizes the product's performance and understands that herbicide cannot be applied in the rain.

This Addendum hereby forms part of the RFP.
