Addendum No. 01

File Reference Number: RFP 2025 091

Title: LED Lighting Upgrades - North Bay Head Office

RE: Clarifications/Questions

QUESTIONS/CLARIFICATIONS:

Item 1: The excel pricing form that was in the tender documents is labelled as 3rd floor. Is there another pricing form for the Basement, that is missing?

Answer: ONTC advises that there are no additional forms as the Basement does not form part of the Scope of Work.

Item 2: Would ONTC consider postponing the site meeting to next week or offer an alternate date next week?

Answer: No, ONTC advises that it is not in a position to postpone or select an alternative date for the mandatory site visit.

Please note that the Mandatory Site Visit will remain scheduled for Wednesday, October 15th at 2:00pm.

This Addendum hereby forms part of the RFP.
